The groom to-be is a native of this city and is a son of Captain and Mrs. C. M. Phister.

Mr. B. A. Wallingford left this morning for Cincinnati, where he will have his eyes treated by Dr. Holmes.

### FOUR THOUSAND EXPECTED

To Attend National Rivers and Harbors Congress at Washington—Andrew Carnegie and Others to Speak

WASHINGTON, D. C., November 22d.—Captain J. F. Ellison of Cincinnati, Ohio, Secretary of the National Rivers and Harbors Congress, has opened headquarters at the New Willard preparatory to the fifth annual convention of the Congress, which will be held in this city December 9th to 11th.

Reports received from Governors of States, Mayors of cities and commercial and trade bodies indicate that there will be upwards of four thousand delegates present during the session of the Congress.

The Southern Commercial Congress, which has for its object closer trade relations between the North and the South and a better understanding of social conditions in the sections named, will meet in convention on December 7th to continue in session until the day following, when the delegates to the Commercial Congress will be merged into the National Rivers and Harbors Congress.

The Ohio Valley Improvement Association will have a delegation of 250 representative men at the convention, during which time they will present to the President of the United States, the presiding officer of the Senate, the Speaker of the House and to the Rivers and Harbors Congress the resolutions adopted by the Association at their recent convention held in Louisville, Ky., October 22d-23d, looking to a comprehensive waterway policy on the part of the Federal Government and yearly appropriations to carry on the great work of improving the rivers, harbors and canals of the country on a scale commensurate with the growing needs of trade and commerce.

In his address before the Atlantic Deep Waterways Association at its recent convention in Baltimore, Admiral Melville sounded the keynote of the movement for a broad and liberal treatment of the water courses of the Nation when he said:

"The Navy needs the inland waterways and needs the canals. Suppose we were attacked by a powerful hostile fleet. Suppose the ships of our Navy were scattered at various stations along the Atlantic coast. Without the inland waterways an attempt to concentrate would be disastrous. With the inland waterways our battleships could easily come together at some central point not exposed to the enemy. There are still 'wolf' and 'sheep' Nations. For our salvation we must rank in the former class. We might reduce our naval building program to push the waterways if necessary. Woe, woe, to America should the unhappy day ever come when our battleships are driven behind fortifications and there is no channel whereby they can seek the open sea."

Among the distinguished men who will deliver addresses before the Rivers and Harbors Congress next month in Washington are Ambassador Bryce of Great Britain, Ambassador Nabuco of Brazil, Major J. A. Ockerson of the Mississippi River Commission, Governor W. F. Frear of Hawaii, Secretary of the Interior James A. Garfield, Horace McFarland, President of the National Civic Federation, Governor N. B. Broward of Florida and President of the National Drainage Association, Admiral C. M. Chester, who was a delegate to the International Waterways Congress recently held at St. Petersburg, and Samuel Gompers, who will discuss "Labor's Interest in Waterways Development."

Many of the great captains of industry will be delegates to the Congress, Mr. Andrew Carnegie being a delegate from the Pittsburgh Chamber of Commerce and who will address the convention in behalf of a fixed policy on the Government's part toward the water highways of the Nation.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular free. J. C. CHENEY & CO., Toledo, O. Sold by Druggists, The

## How to Cure Your Piles

Due Often To Carelessness or Neglect and Stubborn to Cure

"The knife is not always necessary to cure even desperate cases of piles," says a physician whose years and experience make him an authority. "Indeed," he says further, "I have known some very aggravated cases of long standing cured by a simple home remedy that restored to the bowels easy natural daily movements."

And the doctor is right, as many letters from cured people in various parts of the country prove. If sufferers from piles, rectal tumors and ulcers would try Dr. Caldwell's Syrup Pepsin they would often save themselves the terrible pain and danger and the heavy expense of a severe surgical operation.

Piles are often due to constipation and are always aggravated by it. Easy natural movements of the bowels which are invariably produced by this famous laxative without pain or gripe do much to restore a normal, healthy condition to the bowels and thus cure piles.

M. H. Miller, Moweaqua, Ill., says: "I have been troubled all my life with piles brought on by constipation. I tried many doctors and numerous remedies, but found no relief until I used Dr. Caldwell's Syrup Pepsin. I have used it as a laxative and stomach remedy for the past nine years and have no more troubles with piles." H. N. John, Minneapolis, Kan., says he suffered for four years with piles which were so bad that he could not work. Four bottles of Dr. Caldwell's Syrup Pepsin cured him, and he says he has not been bothered since.

Dr. Caldwell's Syrup Pepsin is a safe sure remedy for constipation, restoring easy natural movements. In the worst old chronic cases, yet so mild and pleasant to take mothers give it to their babies with splendid results. It is sold by all druggists at 50c and \$1.00 per bottle. Pepsin Syrup Co., 302 Caldwell Bldg., Monticello, Ill., will send a free sample to anyone who has not used it and will give it a fair trial.

Sold By J. J. Wood & Son, Druggists
